Dresden Files (Adult):

Do you like fantasy? How about a good mystery? If you answered yes for both, Jim Butcher's *Dresden Files* is essential reading! The series follows Harry Dresden, a Chicago wizard/private investigator who seems to always find himself embroiled in the schemes of vampires, werewolves, faeries, and more supernatural beings. Butcher combines intriguing and complex magical rules and lore, thrilling twists and turns, and a nice-sized dose of comedy to keep *The Dresden Files* interesting and exciting.
