

Book Series Review by: Jason

Harry Bosch has been solving murders in Los Angeles for decades, but his passion for his craft and his relentless drive to catch killers does not wane one bit over the years. No amount of intimidation or red tape from his superiors or political figures can slow Bosch from his deep-rooted cause to see killers brought to justice. Bosch's incredible skill at examining and investigating murders, as well as his dogged pursuit to solving his cases at any cost, make him one of the most popular detectives in contemporary crime fiction.

The astounding Michael Connelly is the author of the Harry Bosch novels, and his ebooks and audiobooks can be found on OverDrive.
